Securing your Future with your own Hands

APRIL 2026

INNOVATOR

Newsletter from Nettur Technical Training Foundation (NTTF)

Inside the Issue

- NTTF Students Shine Across National Competitions
- NTTF Students Begin Global Journey in Finland
- NTTF Drives Industry Upskilling Through Specialised Training Programs
- NTTF NEC Hosts Visionary Leader Mr. Subroto Bagchi
- NTTF Launches New Website with Student-Focused Experience
- NTTF Thalassery Trainees Excel at IndiaSkills 2026 Regional Competition

Each edition of Innovator reflects NTTF's continued commitment to excellence in technical education, innovation, and industry collaboration. This issue highlights significant achievements across centres, from students excelling in national competitions and beginning global journeys in Finland, to impactful industry upskilling initiatives and corporate training programs.

We also feature inspiring moments such as the visit of a visionary leader Mr. Subroto Bagchi and the launch of NTTF's new student-focused website. Our trainees continue to secure placements with leading organisations, showcasing their industry readiness. Together, these accomplishments reinforce NTTF's mission to empower future-ready professionals and strengthen the evolving skilling ecosystem.

Adding to this, collaborative initiatives, alumni engagement, and hands-on workshops across centres highlight the strength of the NTTF community. These efforts foster continuous learning, industry alignment, and knowledge exchange, ensuring our trainees remain equipped to meet evolving technological and manufacturing demands.

Innovator is our bi-monthly newsletter to keep you updated on our partnerships, programs and innovative pursuits in catalysing impactful action through education and training. Join us in our journey as we continue to reach the next milestones!

Message from the Managing Director

Dear Partners and NTTF Mates,

When an organisation begins to express itself, it attracts attention and respect. Today, with NTTF back on track financially, operationally and with clarity, I see many important people interested in what we do.

NTTF was honoured to host Mrs. and Mr. Subroto Bagchi at the Electronic City campus on April 13. They are a philanthropic couple with a long history of giving. A couple that has contributed immensely to the way India views skills today. Over three hours, Mr. Bagchi addressed our leadership team and outlined how NTTF can participate in the resurgence of skills in the country.

There are many erudite, well-meaning, and influential leaders engaging with us – exploring how NTTF can evolve into a transformational force in the skilling ecosystem. These discussions have been deeply rewarding and very exciting.

As NTTF becomes a staging ground for new ideas, our employees and partners must start reaching out to their own spheres of influence, amplifying the importance of what we do and celebrating our institution and our legacy. This can be done through social media interactions, participation in panel discussions and industry events. Each one of you is an ambassador of the organisation. With the launch of our immensely improved website, we should aim to attract as many views as possible to our programs and achievements.

As we enter the next financial year, with optimism and energy, let us take a moment to dedicate ourselves to contributing individually and collectively to this great organisation. Every employee of every vertical, whether LEGS, Core, Corporate Skilling or Skill Development, is capable of influencing the destiny of this Institution through every act, every interaction and every contribution.

Let us look forward to a successful FY27.

Warm regards
Mr. Ravi Tennety
Managing Director, NTTF

NTTF Students Begin Global Journey in Finland

NTTF proudly sends off Govardhan B S, Hithan S P, and Dhanush A as they begin their journey to Finland. This milestone reflects their dedication, perseverance, and strong foundation at NTTF. We wish them success, enriching experiences, and a bright global future ahead.

NTTF Drives Industry Upskilling Through Specialised Training Programs

NTTF Pune commenced FY 2026–27 with a 3-day upskilling program for 42 employees of Hirschvogel. The training focused on strengthening engineering fundamentals and enhancing practical skills through industry-relevant sessions, reinforcing NTTF's commitment to continuous learning and workforce development.

NTTF conducted a 2-day Spark EDM training program for ALIMCO, Kanpur, integrating theoretical concepts with hands-on practical sessions. The program enhanced participants' technical skills, confidence, and troubleshooting abilities, improving their operational efficiency.

Technical Enrichment Program Launched at NTTF BTC

NTTF Bengaluru Training Centre, Peenya, inaugurated a Technical Enrichment Program for RV College of Engineering staff. The initiative focuses on enhancing technical skills and strengthening industry-academia collaboration. It also aims to align academic practices with evolving industry trends through hands-on, practical learning experiences.

NTTF Jamshedpur Hosts Mega Alumni Meet

NTTF Jamshedpur (RNTC) hosted a Mega Alumni Meet, bringing together alumni since 2006. The event fostered reconnecting, sharing career journeys, and celebrating achievements, strengthening lifelong bonds within the NTTF community.

IIoT Workshop Conducted at NTTF Burma Mines

NTTF Burma Mines Training Centre organised a 4-hour workshop on Automation Studio and IIoT integration with MMS, led by Janatics experts. The session covered real-time monitoring, smart connectivity, and advanced automation, with hands-on learning. Participants from NTTF Jamshedpur also joined, promoting collaboration and enhancing practical exposure to industry-relevant technologies.

Offer Letter Distribution at NTTF Dharwad

NTTF Dharwad celebrated its Offer Letters Distribution Ceremony for CP01 and CP15 trainees, marking the start of their professional journeys. The event reflected their dedication, skills, and readiness to step confidently into industry roles.

NTTF Launches New Website with Student-Focused Experience

NTTF has introduced a new website with a more student-friendly design and clearly defined stakeholder journeys. Currently, the platform focuses on students and parents, especially simplifying the admissions journey. It highlights student outcomes, placements, and overall learning experience. Additional sections for corporate partnerships, academic alliances, and centre stakeholders are planned, making the platform more comprehensive as it continues to evolve.

NTTF Dharwad Team Wins at Mitsubishi National Competition

NTTF Dharwad trainees won an Appreciation Trophy and cash prize at the Mitsubishi National Competition, Pune, showcasing excellence in factory automation, innovation, and teamwork among top institutions nationwide.

NTTF BNTC Students Win at IIT Kharagpur Tech Fest

NTTF BNTC students Riya Kumari and Gungun Kumari secured 3rd place at IIT Kharagpur's VORTEX competition, earning ₹7,000 and showcasing strong technical skills, teamwork, and problem-solving ability.

NTTF Thalassery Trainees Excel at IndiaSkills 2026 Regional Competition

NTTF Thalassery trainees Flaviyus Clement and Rithunand Rejilesh participated in the IndiaSkills 2026 Regional Competition in IT Network Systems Administration, Hyderabad. Flaviyus earned the Medallion of Excellence, reflecting strong technical expertise, dedication, and perseverance. Their achievement highlights the quality training and mentorship at NTTF and brings pride to the institution.

NTTF Students Shine Across National Competitions

- NTTF NEC – 2nd Prize at The Science Spectrum by Christ University for PLC-based sorting system; top prizes in CNC Turning & Milling at Skill Competition 2026 (supported by Voestalpine)
- NTTF BTC, Peenya – Nithya secured 2nd Prize at National Welding League 2026 (Women); 1st Prize (“NFC VOULT”) and 2nd Prize (Seminar) at VITM Engineering Fair; 2nd Best Effort Award (Robotics & Automation) at Technovation 2026, GM University
- NTTF Gadag – 3rd Prize (Quiz) at Engineering Fair by Visvesvaraya Industrial and Technological Museum
- NTTF Pune – Qualified for IndiaSkills National Finals (Robot System Integration); Yogiraj and Rituraj to represent Maharashtra
- NTTF BNTC (Mechatronics) – Winners: Sachin Kumar, Saloni Gupta; Runners-up: Muskan Singh, Amandeep Singh

NTTF’s Corporate, Skill and Government Programs: A Summary

NTTF's Corporate upskilling and reskilling programs are designed to empower employees with the knowledge and expertise they need to excel in their roles. NTTF's team customizes the programs to meet the ever-changing demands of the industry and ensures that the employees are skilled to meet even future needs. With over 200 clients, this vertical has trained more than a lakh employees. NTTF's skill development vertical handles all short-term training programs leading to third-party certifications like NSDC/SSC, NCVET, and Industry Certification (Microsoft, CISCO, AWS, etc.) is generally funded by various government schemes or corporate CSR sponsorship. This business vertical also establishes and manages Skill Development Institutes (SDIs) offering certifiable programs (up to 6 months) on behalf of corporates. Currently, this vertical manages 3 SDIs, 2 ITI, and various on-campus programs funded by governments or corporations. We work with about 11 state governments and corporates offering 67 different NSDC/NCVET qualifications.
